

HULAMIN

OPERATIONS

12 January 2015

To whom it may concern:

MYWASTE

Hulamin is an active participant in the recycling of aluminium scrap and waste from a wide range of industry segments including the packaging segment.

Our aluminium is used in foil, beverage cans and screw cap closures in the packaging sector.

Hulamin endorses the services supplied by MYWASTE to the recycling industry and to consumers and companies who wish to embark on the recycling journey.

Yours faithfully

COLIN LITTLE
